SAMARDHAN KAMPALLY

✉ Kampallysamardhan84@gmail.com   ☎ 8142550994

I'm looking for a good opportunity in an organization, seeking a challenging position to expand and utilize my skills and knowledge.

I graduated in 2022 with a degree in Computer Science and Engineering (B.Tech) from Malla Reddy College of Engineering (JNTUH).

A few months ago, I successfully completed my Java Full Stack Development course.

PROJECT

➢ **BLOG APPLICATION**
- Demonstrated expertise in full-stack Java development through the successful creation of a captivating and dynamic blog app.
- Implemented essential functionalities within the Blog Application, including the ability to create, modify, update, and delete blog entries.
- Ensured a seamless user experience by restricting blog post creation to valid users, while allowing open access to the comment section for all.
- The programming languages involved in this project are **JAVA, THYMELEAF, MYSQL**

➢ **CART APPLICATION**
- This App allows customers to order food easily without waiting for anyone.
- Users can select a Table, Order Food, and make payments
- Admin / Manager Accessed to add new items or information
- The programming languages involved in this project are **JAVA, REACTJS**, and **MYSQL**.

EDUCATION

- **B.TECH (CSE) 2018 – 2022 ||** MALLAREDDY COLLEGE OF ENGINEERING (JNTUH) **CGPA – 6.27**
